Team

Ted Ki Tae KIM | Founder & CEO

- Leads DEV.D and ZIPUP Pay
- Underdogs, Sheffield, KAIST

Kevin Kyungsub KIM | Manager

- Manager DEV.D and ZIPUP Pay
- Allra fintech, Soongsil University

Problem

- Most landlords accept only bank transfers, so tenants miss card benefits and cash-flow flexibility on rent.
- Small businesses lack simple digital tools to collect and settle rent.

Solution

- ZIPUP Pay lets tenants pay rent by credit card while landlords receive regular settlement.
- ZIPUP Pay Biz and Partners extend this to businesses and property platforms.

Key Features

- Monthly rent payment by card with rewards and benefits
- API and SDK for property-management software integration
- Payments operated through registered PGs (PayVerse, InnoPay)

Business Model

- Transaction-based payment fees from rent payments
- B2B subscription and API/SDK fees from partners
- Card-benefit and marketing partnerships

Business Snapshot

- Raised KRW 1.27B cumulatively, including May 2026 Pre-A
- 2025 revenue of KRW 1.08B; 11-person team
- Selected for TIPS; works with NHN, Hana Card, Woori, BNK Kyongnam

Seeking Opportunities

- Local partners: licensed PSPs/banks, proptech and coliving operators
- Regional investors and Singapore market validation support
